Drugs Required under National Health Programme

540. SHRI JAGESH DESAI: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) what are the names of the drugs required for mental Health programme;

(b) whether it is a fact that their use is on the increase and what is the growth rate of these drugs;

(c) whether it is a fact that patients suffrering form Mental Health are also on the increase; and

(d) whether it is also a fact that none of these drugs are presently in category-I if so, what are the reasons for the same?

THE MINISTER OF HEALTH AND FAMILY WELFARE (SHRI MOTI LAL VORA): (a) and (b) The National Mental Health programme as approved by the Government, in its essence, aims at promoting community mental health services at primary health care level through health education and training of peripheral level health workers. The intention is to have an integrated programme along with other health programmes. The programme have not identified any drugs as such required under the programme. However, there are several tested and reliable drugs like chloropromazine, Amitriphlyline, Pheneoparbitone, Diazepham etc., which are used as anti psychotic/anti-depressant anti-epileptic/anti-anxiety drugs;

(c) There is no reliable data to indicate that the patients suffering from mental illness are on the increase.

(d) Dose not arise as no medicine has been identified as such under the programme.

Inclusion of eye preparations in category-I

541. SHRI JAGESH DESAI: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to refer to answer to Unstarred Question 4202 given in Rajya Sabha on 31st Agust, 1988 and state:

(a) whether it is a fact that eye-preparations based on Oxytetracycline and Demethylchloratetracycline do not fall in Category-I;

(b) if so, what is the Category in which these drugs fall;
